SUBJECT: **Final NTC, Orlando Site Screening Plan (SSP), Groups I and II Study Areas**  
**Naval Training Center, Orlando, Florida**  
**CTO 107**  
**Contract No. N62467-C-0317**

Dear Ms. Nwokike:

Enclosed are two copies of the Final NTC, Orlando Site Screening Plan, Groups I and II Study Areas. This document establishes the background, rationale, and plans for site investigations for Study Areas 1 through 15. The technical approach for Group II (Study Areas 11 through 15) was discussed and approved at the BCT meeting held on January 12 and 13.

The enclosed document represents a re-release of the Group I Site Screening Plan, with the addition of Group II study areas. No revisions were made to the Group I field investigations text (Chapter 4). Minor changes were made to the remaining chapters to reflect the evolution of the site screening approach, brought about by BCT comments.

The Group I Site Screening Plan should be discarded, and replaced with the enclosed document. The remaining 27 Study Areas have been arranged into 3 additional groups. Site screening workplans for Groups III, IV, and V will be prepared as addendums to Chapter 4.0 of the Group I and II Site Screening Plan, and should be added as they are issued.

If you have any questions regarding the NTC, Orlando Group I and II Site Screening Plan, please do not hesitate to call me at (617)245-6606.

Sincerely,

**ABB ENVIRONMENTAL SERVICES, INC.**
